FORMATION

SOFTWARE ENGINEER DIPLOMA - HEALTH & AI CURSUS (MASTER LEVEL)

EPITA, Le Kremlin-Bicêtre
2023 – 2026

CPGE PCSI/PC

Lycée Henri Poincaré, Nancy
2021 – 2023

HIGH SCHOOL DIPLOMA WITH HIGHEST HONOUR

Specialities : Maths & Physics-
Chemistry
2021

ASSOCIATIVE COMMITMENT

EPIBUDDY - EPITA

Spring 2024 then Autumn 2025
International students welcoming

MULTIPURPOSE VOLUNTEER – ASSOCIATION AU P'TIT GALOP / HARAS DE CHAMBLEY

Since 2017
Administrative assistance and
equine care

LANGUAGES

FRENCH : MOTHER TONGUE
ENGLISH : FLUENT (TOIEC 930)
ITALIAN : PROFICIENT

HOBBIES

ART (PAINTING & DRAWING)
PIANO
**LITERATURE & LANGUAGE
LEARNING**
VIDEO GAMES

OSCAR DIVRY

SOFTWARE ENGINEER

As a recent EPITA graduate specializing in Health and AI (covering medical standards, interoperability, data processing and visualization, and image segmentation and classification), and following experiences requiring rigor and precision, I am seeking a first job where I can apply and refine the skills I have developed. I am available to start immediately.

EXPERIENCE

INTERN IN FRONTEND DEVELOPMENT

GE Healthcare, BUC

02/2026-

08/2026

Typescript - Smart display of medical image acquisitions, including MR and CT

FULL STACK / DEVOPS INTERN

Space Applications Services NV/SA, Zaventem, BE

09/2024-

01/2025

Developing a cloud solution using Agile methodology with React • Front-end architecture and UI/UX design • International team collaboration

PROJECTS

COMPILATEUR TIGER

C++/Flex/Bison - Seven-week project to implement a compiler for the Tiger language in a group of four, based on a provided codebase

03/2024-

04/2024

AI POWERED IMAGE PROCESSING USING TENSERFLOW

Brain region segmentation on MRI images of 6-month-old children using Colab • Classification of boat images using a neural network on Kaggle

2025

INTEROPS

React TS / Django / Keycloak - POC of a software allowing to take medical appointment like Doctolib, implementing a subset of the MOS and NOS using interoperability norms like H7 FHIR

2025

END OF STUDY PROJECT

APHP BICHÂT - INSERM

3D modelisation of operating room (Blender) and photogrammetry

2025-2026

SKILLS

- Languages : Python, TypeScript, JavaScript, Java, C, C++, Go, JSON, YAML, R, Bash
- Cloud : Kubernetes, Docker
- Web : Django, React, Angular, REST API, HTML, CSS, OIDC, Keycloak
- Tools : Git, GitLab, TensorFlow, GitHub, Flex/Bison, Blender, Postman, Swagger, Microsoft Office, Unix
- Database : NoSQL, MongoDB, DjangoDB, PostgreSQL, ElasticSearch, SQL
- Soft Skills : Gestion de projet, Adaptation, Organisation, Travail en équipe, UI/UX, Gestion des Risques, Communication
